

Hi,

I understand you are currently looking at redrafting Alberta's electoral boundaries. It is well known that the rural vote in Alberta is worth more than the urban vote; this is not fair. I urge you to bring equality to Alberta's electoral divisions. The article in today's Calgary Herald by Graham Thomson illustrates how Alberta has an unnecessary amount of seats for the population of our province. In an era of fiscal restraint, it hardly seems like a good move to add more seats to our electoral divisions and pay for more MLAs.

Please consider reworking Alberta's electoral divisions to accurately reflect the population Alberta, not to reflect where the PC party is popular.
