

Hon. Justice Walter  
Chairman - Elect. Boundary Commission

Sept. 9/09.

Dear Sirs: Commission Input.

I received the info. concerning the possible increase of  
MLA's from 83 to 87 in Alberta.

I would favour the REDUCTION of MLA's  
to 80 for the next election with consideration of 75  
for the election after.

With technology it would be possible  
to reduce the number of MLA's in this province,

Ontario - 4 times Alberta's population has 107,  
Quebec 125 and BC 79.

These numbers do not reflect our need  
for more MLA's as we are 4<sup>th</sup> in population.

Thankyou for your program giving  
Albertans a chance to ASK for a REDUCTION.

Yours truly

Gary ZEMAN
