From what I understand, B.C. MLAs represent over 51,000 people each. Ontario's MLAs represent 110,000 people each.

Alberta MLA's represent just about 39,000 people each.

We do not need more MLA's in our Province. It's absurd to force Albertans to pay for more Salaries, Perks and Entitlements, not to mention Gold Plated Pensions, for more MLA's when they are clearly not needed.
