Re- #70 Peace River Electoral Division.

Dear Sirs:

I would like you to review Whitelaw electoral map, which usually included Township 80, 81 and 82, Range 1

The polling station in Whitelaw is 4 miles from township 82, which has been the divisional boundary. The voters in township 83 and 84 have to drive to David Thompson voting station - approximately 20+ miles.

As a past DRO for the Whitelaw polling station, I have had to deal with this problem for both the provincial and federal elections, from voters in in township 83, range 1

It would make election day less stressful for the future.

Thank you,
 Estelle R. Wilson
