

Hello,

I just wanted to express my displeasure that Hardieville and the surrounding areas are becoming part of Lethbridge-East. As a former campaign worker in Leth-West, we gathered a very substantial portion

of our votes, for the MLA Greg Weadick. If the city is segmented as the EBC suggests, we face the possibility of losing over eight hundred loyal Tories to another riding, which although we plan to win

both, is currently held by a Liberal.

I realize your job is non-partisan, but Hardieville and area have traditionally been part of Leth-West and we count on their support.

Yours Truly,

Thomas Warwick, B.A.
