

Dear Commissioners,

I suggest that you add to the names new constituencies after members all political parties, not just those of the majority party. I recommend that Notley -Central Peace be renamed after Grant Notley, whose constituency Central Peace was. Mr. Notley was a MLA who was popular beyond the ND Party. Once our family happened to be seated at a banquet at a table with Grant Notley. It was an excellent opportunity to get to know a politician in a relaxed, one-on-one situation, and we were all very impressed by this breath of vision for our province.

Sincerely,

Mary Trumpener

Edmonton
