

Dear Commissioners,

There are Constituencies in Alberta named after former MLAs. This is potentially partizan, and I suspect we ought to rename them all in a more neutral way. But as long as we are doing this, the proposal to rename the Constituency of "Dunvegan - Central Peace" to "Notley - Central Peace" in honour of the late Grant Notley, a very eminent member of the legislature and MLA for Spirit River Fairview, seems eminently reasonable and I would like to support it. If we do not, then the continuing existence of constituencies called Manning, Lougheed, and Decore seems actually partizan, in spite of the respect we have for these leaders. So please rename a constituency for Notley, or un-name the others.

yours sincerely

Adam Morton
