After reading the CochraneEagle I was wondering where Redwood Meadows fits in the scheme of things. "The commission recommends the area south of Tsuu T'ina Nation should be added to the Highwood riding from the Foothills-Rocky View division, and the area east of the Highway 22 is added to the existing Banff-Cochrane division-including Bragg Creek but not Redwood Meadows." I'm not clear as to where Redwood Meadows would sit? Thanking you in advance for your response.
